Tasting Workshops

Experience a great Malbec tasting !

The Wine Tour of the great Malbec wines of Cahors starts with Château de Mercuès.

Historic monument of the thirteenth Century, its vineyard belongs to the “Grands vins Seigneurs” Association. Built underground, its vaulted cellar is one of the most beautiful wineries ever made in the Twentieth Century.

A tasting in the cellar of Mercuès is an **unforgettable experience.**

Start the commented visit on the terrace overhanging the Lot valley and the vineyard of Cahors. Then visit the wine store and eventually the vintage shed where the wine tasting takes place.

On request we can organize special tastings “vertical” tasting of the wines of the estate or “horizontal” tasting of the “Grands Vins Seigneurs de Cahors”.
